**ROZNOV TUBE PLANT "TESLA"  
CZECHOSLOVAKIA**

The Roznov Tube Plant "Tesla" is located 24 miles SSW of Moravska Ostrava and 45 miles east of Prostejov. It is situated on the western edge of the city of Roznov Pod Radhostem and immediately north of the single-track railroad line leading to the city.

This plant is the largest electron tube producer in Czechoslovakia. Initially constructed for a silk manufacturing firm in [REDACTED] it was later nationalized and began production of electronic tubes. <sup>1/</sup> One new building under construction is evident on [REDACTED] Components of this plant are indicated on the accompanying annotated photograph (Plate 1). Since only oblique photography covered the plant, a diagram of the plant layout drawn to scale is also included (Plate 2).

25X1D

25X1D

No rail spur leads into the plant. Raw materials and finished products enter and leave the plant by truck. A railroad station is located one-half mile east, where transshipment may take place.

A new road has been constructed bordering the west and north edge of the main plant area. Also, new workers housing has been constructed adjoining the plant on the north (Annotations 14-19). A new housing settlement consisting of 21 apartment-type buildings is nearing completion in the city of Roznov Pod Radhostem (Annotation 23, Plate 1). This settlement is reportedly being built for the workers of the "Tesla" plant. <sup>2/</sup>
